Pick a combination that is easy for you to remember. You can be assured that your number is secure with over 10,000 combinations possible

Durable all-metal construction

The ShurLok Realtor Lockbox is the best quality lock box on the market (and at a better price than other lock boxes!) The ShurLok construction is as follows:

- Chrome-plated brass dials- Not plastic buttons or dials like other lock boxes on the market (which are purposely made to wear out with usage and weather)
- Solid Metal Body- Secure metal body construction with rust resistant coating
- Hardened Steel Shackle offers additional security
- Protective Back- On the back of the ShurLok GE Lockbox is a protective plastic cap and rubber bumper that protect he surface upon which the ShurLok is resting.

Zero locking- open the ShurLok Key Lockbox in the dark

The ShurLok Lockbox is great for site-impaired individuals or for opening in the dark. The Zero Locking Feature can be used as follows:

- Roll all the numbers up and away from you
- Each number will lock on zero
- Count the numbers up on each dial
- Tip: make your numbers smaller and closer to zero for quicker opening in the dark
